

LEADERSHIP ROCKS!

Leadership Training Taken To The Next Level...

Predictive Success Corp. Partners With League Of Rock To Combine World Renown Predictive Index Tool With Music-Based Learning.

TANGIBLE RESULTS

- Stronger leader-team connection
- Effective collaboration & communication
- Provides a solid foundation for employee growth
- Motivated direction following
- Dynamic creativity
- Helps you identify and develop next generation of leaders
- Follow up consultancy and metrics

THE FACTS

- 20 to 40 participants
- Full concert experience provided
- Full Day Event
- Includes pre-event consultation with each participant
- Full Predictive Index Process and Debrief for each participant
- A six week follow up back in their environment in a face to face meeting on how they are using the leadership process

Participants become effective leaders using barrier breaking music-based learning combined with the proven and world renowned Predictive Index Tool Set.

Participants Learn To Read, Understand and Adapt To Peoples Behavioral Styles

Successful companies are those which foster and develop employees who think quickly and creatively on their feet, who take the unexpected in stride by recognizing creative connections, who bring imaginative personal expression to their work, and who think metaphorically to make critical cross-boundary applications.

Banff Centre For Leadership

BENEFITS OF MUSIC-BASED LEARNING

- Music listening, performing and composing stimulates nearly all portions of the brain. This “warm up” stimulation prepares the person to learn more effectively.
- Music stimulates portions of brain responsible for both pleasure and memory. Adults learn more effectively when they are at ease.
- Collective music making encourages social cohesion at a basic level. This provides a strong foundation for collaboration among co-workers.

Daniel J Levitin

This is Your Brain On Music

BENEFITS OF PREDICTIVE INDEX TOOL SET

- Identify one's own leadership/behavioural style
- Understand others' leadership/behavioural styles
- Adapt to make these styles work together
- Gives executive team and organization common language
- Takes guesswork out of hiring and retaining talented people
- Helps you reduce costs

Predictive Success Corp. and the League Of Rock deliver a powerful combination of music-based education, consulting and assessment. Leadership Rocks! provides an intense but extremely enjoyable learning environment.

HR Professionals work together with Music Professionals to cultivate powerful leadership skills. Participants become effective leaders using barrier-breaking music-based learning combined with the proven and world renowned Predictive Index Tool Set. The Leadership Rocks! program builds superior leaders and encourages leaders to take control of their own success.

Predictive Success is the Canadian Predictive Index Licensee and a Founders Club member of an international management consultancy that helps organizations to align their people with their business strategies through a combination of insight, education and coaching.
